

Planning Aspects and Strategies

Objective

The planning and participation workstream intends to improve the integration of the different planning systems in the Member States bordering the North Sea. Its aim is to give insight in possible improvements in the decision-making and implementation process for offshore wind farms (OWF), and to harmonize planning and information strategies.

Within this work stream following products and results have been produced:

[Quick Scan - Offshore Wind Energy in the North Sea Region](#)

[Case Studies - European Offshore Wind Farms](#)

[Challenging Offshore Wind - General Guidance for Offshore Wind Energy](#)

[Information and Decision Support System - Anemos](#)

[Information Package - Information Center, Material and a Multimedia Platform](#)

[Information Center - Klimahaus Bremerhaven® "The Power of Wind"](#)

[kids 4 offshore - POWER for pupils](#)
